### Notes :

- Initial Screening of all applicants for SISFS till 08 February 2022 was done by the IMC(Internal Management Committee). After evaluating all applications (6 nos), 3 startups were shortlisted and referred to ISMC (Incubator Seed Management Committee) for further evaluation.
- The details of 6 applicants are attached along with these minutes.
- Details regarding the startups were collected by the project manager and a one page write up of startups along with their goals and deliverables was distributed prior to the meeting to ISMC members.
- Meeting started at around 11:00 am and ended by 11:45 am.
- All three startups presented their ideas and projects in front of ISMC members.
- One startup was shortlisted for funding under SISFS Scheme

**Final decision taken by the ISMC :**

**Selected:**

1. YOUNG INDIAN SCIENTIST PRIVATE LIMITED

*Reason:* Founder seems very passionate and focused.

*Comments from ISMC members :* Could be some advantage for the differently abled, More promising.

**Rejected:**

1. SportzHunt

*Reason:* Presentation lacks clarity and alternative solutions available.

*Comments from ISMC members :* Pre revenue stage, Many vc funded companies are there, Less chance for high LTV.

2. ManMech Smart Solutions Pvt Ltd

*Reason:* Cannot convince the importance of the product.

*Comments from ISMC members :* More fund towards manpower, Realization questionable with completely indegious raw materials, Still a grey area as far as impact is concerned
